The Base Ball Club of Au Sable are to come to this city to play a return game next week.

Deacon Hitchcock is laying the foundation for a store building on the corner of Washington ave. and the corner of Washington ave. and the music will be on hand to favor light fantastic toe. Bill \$3,00.

The new steam fire engine for Wednesday and Thursday evenings this city arrived in town on Monday. It is a handsome machine, seems to be strongly constructed, issue will be found the annual re- runs easy, and we believe it is port of the Superintendent of our capable of doing good work. The hose and cart did not arrive, but buring the last few days of hot weather, dogs arrayed themselves in paper collars and sallied forth with panting breath.

Our farmers are busily engaged in their hay fields, and in a few days more the wheat will demand their earnest attention.

That water tank at the corner of Washington avenue and Third street has been removed, and the steamer will be thoroughly tested.

The engines now on hand, should a fire break out in the business portion of the city, with the two engines six streams could be turned on the flames in a very short time. But whether the new machine will be accepted by the Council remains yet to be known, however we presume it will. As soon as the agent and the hose arrive, the steamer will be thoroughly tested. steamer will be thoroughly tested.

There is something at Lockwood, There is something at Lockwood, Luce & Seage's store that should interest every manufacturer of this is my boot-jack?" We don't think that man will find a resting place in Heaven.

Interest every manufactor of the city. Mr. Lockwood has for sale the patent for this portion of the State, of the Universal Woodin Heaven.

Farming in Alpena County.

George F. Lewis writes to the Bay City Chronicle as follows to that paper, concerning Alpena county. were bound to beat the Alpena It seems as if every man who visits boys by some means, and it seems the farming lands in this county and Timms. becomes thoroughly convinced that Some of our business men have this is the most productive portion

Surely, says the Bay City man who

the old boxes, barrels, etc. It would be a good idea for others to follow the example. There is too much of this kind of rubbish lying in the rear of our business houses, and it ought to be disposed of in some manner.

Capt. Boynton informs us that on Tnesday evening of next week, he will give an excursion on board the Wenons, from this city to the bay, leaving the dock at 8 o'clock and returning at 12. Good music will be in attendance, so that all those who desire to dance can have an opportunity. Fare for the round trip, only 50 cents.

Talk about rice fish I You had ought to have seen some white fish brought to this city Saturday night. Capt. Persons brought in two white fish, which weighed when dressed 17 pounds each, and they were served up for dinner at the Fletcher House on Sunday.

We did not have the good fortune at to partake of any of these

Minor, Richardson, Campbell, Potter & Min

THE BURNT LANDS. the music will be on hand to favor the timber many years ago, afterwards this was blown down, and later still it was burned up, root and branch, as clean in many instances as that which formerly stood upon the cleanest pine plains in any portion of the State. Be-fore any investigation had been made as to the character of the soil on these lands, a dense undergrowth of popular, birch, basswood and other small timber covered the entire surface of the country, and notwithstanding the land has mainly proved so valuable, at the outset appearances were against it, and those who made the first break into this unkempt bramble, were called fools by will be here in a few days. With the engines now on hand, should a who holds so sublime a faith concerning who holds so sublime a faith concerning

success of the first farmers began to be understood by a few outside, and then there was rapid settlement and civilishort pieces and refuse grades of ble work is a handsome stone engraved by A. B. Stocking, for the deceased son of E. K. Potter.

There seems to be some of our citizens who firmly believe that iron and other minerals abound in this county. We should like to see some of them brought to light.

Last Sunday was one of the hottest of the season, and people had a great desire to remove to should a great desire to remove to should stone into the most valuable forms. Mr. Lockwood has specimens of the work on exhibition, and would be pleased to have our business men call and examine them. It would seem that such machinery put in operation in our city would help do away with duly times by creating another branch of industry.

Marine.

Saginaw Valley. He has three barns, a commodious two-story house, excellent water from both well and brook, and his crops average to the acre thus: Fall wheat, 40 bushels; spring wheat, 25 bushels; potatoes 175 as it has been a hand-to-mouth struggle with most of the settlers, and standing

upon one of the ridges, one can look for two miles to the east, a mile or more to the west, and see all this expanse that three years ago was an underbrush bramble, covered with waving grain, with broad belts of clover in full bloom. with patches of potatoes enough, one would think, to feed a confinonwealth—with gardens, dwellings, barns, and all the appointments and appurtances of an old settled farming community.

I could give you names and details until you could not rest, but have here

mentioned one individual because he is more exclusively a hope to be soon. Land is cleared and sowed to fall wheat the first year, the second year it is ready, if so desired, for the mower and reaper or any other modern farm machinery that requires horse power, and all this is within two and and the sound that the second learn the second learn. DEPARTURES.

21.—Str. Wenona, for Detroit.

22.—Am. Champion, lumber, for Sandusky.

23.—Strs. Marine City, for Chewithous Marine Marin and the other wheat producing counties of early days. It will do them good, and perhaps strengthen their faith in the soundness and solidity of the north-ern portion of the Lower Peninsula.

Council Proceedings.

The Common Council of the City of Alpena met in the Council Room on Monday evening, July 26th, 1875, and was called to order at 8:30 o'clock by the Mayor.
